PROJECT FACTSHEET

Funded by the European Union

EU4Climate

Duration: 01.12.2018 - 31.12.2023

Countries:
Armenia, Azerbaijan, Belarus, Georgia, Republic of Moldova, Ukraine

EU contribution: € 8 000 000

Total budget: € 8 000 000

Implementer:
UNDP

Website(s): eu4climate.eu

Project description:
The 'EU4Climate' initiative supports the development and implementation of climate policies by the Eastern Partnership countries, contributing to low emission and climate resilient development, as well as to their commitments to the 2015 Paris Agreement on Climate Change.

Expected results:
Actions are clustered around seven priority results:
- implementation and update of national determined contributions (NDCS) to the Paris agreement.
- development of mid-century low-emission development strategies (LEDS).
- introduction of robust domestic emissions monitoring, reporting and verification (MRV) frameworks.
- alignment with the EU acquis included in bilateral agreements and energy community treaty on climate action.
- mainstreaming climate in sectors and sectoral guidelines for the implementation of Paris agreement.
- climate investment.
- adaptation planning: adoption and when necessary development of adaptation plans.
