Total budget: € 19 500 000

Implementer:
UNECE, UNEP, UNIDO, OECD, World Bank

Social media:
facebook.com/EU4EnvironmentMoldova,
facebook.com/EU4Environment-100539842031096

Website(s): eu4environment.org

Project description:
The EU4Environment action of the European Union aims to help the Eastern Partnership countries preserve their natural capital and increase people's environmental well-being, by supporting environment-related action, demonstrating and unlocking opportunities for greener growth, and setting mechanisms to better manage environmental risks and impacts. The Action is implemented by five international organisations: OECD, UNEP, UNECE, UNIDO, and the World Bank.

Expected results:
By bringing together environmental and economic actors, EU4Environment helps deliver policy and legislative changes, making planning and investment greener, stimulating the uptake of innovative technologies, adopting new business models, and creating green jobs. It also promotes better environmental governance, improved management of protected areas and forests, and sustainable trade.
