

PGG: Strengthening institutional capacities to fight and prevent corruption in Armenia

Duration: 01.01.2019 - 28.02.2023

Countries:
Armenia

EU contribution: € 680 000

Total budget: € 850 000

Implementer:
Council of Europe

Website(s): partnership-governance2-eu.coe.int

Project description:

The Project on “Strengthening institutional capacities to fight and prevent corruption in Armenia” is one of the six Projects which constitute the second phase of the EU-Council of Europe Partnership for Good Governance (PGG) programme interventions to support Eastern Partnership countries to counter economic crime. The Project aims to provide tailored assistance responding to the country’s anti-corruption reforms agenda, while addressing issues raised by the Council of Europe monitoring bodies in the areas of corruption and money laundering. It has been designed to contribute to the EU 2020 targets set out in priority area “Strengthening the rule of law and anti-corruption mechanisms,” and is aligned with the cooperation priorities identified in the EU-Armenia Comprehensive and Enhanced Partnership Agreement, and Council of Europe Action Plan for Armenia 2019-2022.

This project is funded by the European Union and the Council of Europe and implemented by the Council of Europe in their Partnership for Good Governance II (2019-2022).

Expected results:

- ? Outcome 1: Strengthened legislative and institutional frameworks for combatting corruption through independent and efficient anti-corruption bodies;
- ? Outcome 2: Enhanced systems of asset declaration, conflict of interest and illicit enrichment for all levels of public officials;
- ? Outcome 3: Increased effective investigation, prosecution and adjudication of corruption-related crimes and offenses;
- ? Outcome 4: Further developed institutional asset recovery mechanisms.

**Funded by the
European Union**
