Project description:

The overall objective of the Recovery, Resilience, Development for Syunik project (R2D Syunik), implemented within the Resilient Syunik Team Europe initiative in cooperation with local governments and co-financed by the European Union and Austrian Development Agency, is to enhance recovery and resilience of micro, small and medium enterprises (MSMEs) and sustainable small-scale communal infrastructure in Syunik. Within 5 years of implementation and with 11M euro of budget we will focus on the following:

MSME Support
Small Infrastructures
Team Europe Initiative
