Implementing organisation(s): World Bank

EU contribution: € 1 500 000

Project website:

EaP countries:

Moldova, Ukraine

Project description:

The Structural Reform Facility aims to contribute towards the development of sustainable and equitable economic growth models through reforms in the business and investment climate and financial infrastructure, human capital - including labour market and social protection, economic governance and sustainability of public finances, and by reinforcing the rule of law and good governance.

Expected results:

The Facility will support the design and implementation of structural reforms in the following areas:

- Business and investment climate and financial infrastructure.
- Human capital, including labour market and social protection.
- Economic governance and sustainability of public finances.
- Reinforcing the rule of law and good governance.
