

EU4Energy - Promoting the Clean Energy Transition - Energy Statistics and Policy Development

Period of implementation: 01.07.2021 - 30.06.2025

EaP countries:

Armenia, Azerbaijan, Belarus, Georgia, Republic of
Moldova, Ukraine

EU contribution: € 3 700 000

Implementing organisation(s):

Council of European Energy Regulators (CEER), Energy
Community, The International Energy Agency (IEA)

Project website:

Project description:

The EU-supported project "Promoting the Clean Energy Transition in the Eastern Partnership Countries: EU4Energy Phase II - Components 3-6", implemented by the International Energy Agency (IEA), works with the Governments of the Eastern Partnership countries to support them in their efforts to strengthen energy security, remove investment barriers for clean energy finance and increase the share of renewable energy in the energy mix.

Expected results:

- Capacity for defining overall energy policy decisions based on quality data and best practices guidelines increased.
- Robust, sustainable and measurable energy sector developments enhanced.
- Increased awareness of energy sector developments, improved data and policymaking via web presence.
- Capacity of national statistics agencies improved.
- Energy efficiency indicators improved and developed further.
